5th (*senior head-shot for Scrawls & Graduation Program*) _____

Choose four pictures for the video collage. Your selections should include a senior portrait (You may choose 2 different senior photos, one for the video collage and one for the graduation program or use just the senior head-shot photo for both) and 3 "growing up" photos. The best pictures are not necessarily formal; candid childhood photos are good too.

Do **NOT** scan your own photos to email or submit on CD. **They will not be accepted.**

Do **NOT** print your own photos from your home computer. Email or take digital photos to a photo center, like Walmart (9¢) or Costco (13¢), to have printed.

Your photos should not be smaller than a wallet size or bigger than 5"x7". Color photos are preferred.

On the back of each photo write the grad's first & last name and the corresponding number above. To protect your photos, it is best to use a wax pencil, porcelain pencil, or write on masking tape.

Place these photos into a large Ziploc plastic baggie with the above completed form stapled to it.

(Keep in mind the order you list the pictures on the form is the order they will appear in the video collage...your senior photo will be last.)

Give the photos to the Photography Committee ON or BEFORE the January Graduation Meeting.
DO NOT MAIL THEM.

The video collage and the graduation program require a lot of work so please turn in your photos **ON TIME.**
